

ECOSURE-AVISURE Publications and Presentations 2010-2022.

1. **Shaw P.** 2022. The invasive keyhole wasp: an aviation hazard. *Proceedings of the 2nd Australian Biosecurity Symposium, May 2022, Gold Coast, Australia.*
2. **McKee J** 2021. Wildlife Hazard Risk Assessment and Management in Aviation: Into the Future. *International Civil Aviation Organisation (ICAO), Safety Seminar/Webinar, Asia-Pacific Region. ICAO-AAWHG Combined September 14th 2021*
3. **Follett J, Shaw P, Jamieson W and McKee J 2021.** Wildlife Hazard Assessment and Strike Risk Analysis for Off-airport Sites. *Proceedings of the World Birdstrike Association Virtual Conference, January 2021.*
4. **Shaw P, House A, Hill M and Ring J 2021.** Wasps as an Aviation Hazard. *Proceedings of the World Birdstrike Association Virtual Conference, January 2021.*
5. **Ameratunga R, Lehnert K, Leung E, Comoletti D, Snell R, Woon ST, Abbott W, Mears E, Steele R, McKee J, Muscroft-Taylor A, Ameratunga S, Medicott N, Das S, Rolleston W, Quiñones-Mateu ME, Petousis-Harris H, and Jordan A** 2020, Inhaled modified angiotensin converting enzyme 2 (ACE2) as a decoy to mitigate SARS-CoV-2 infection. *NZMJ May 2020, Vol 133 No 1515,*
6. **House A, Ring J, Hill M and Shaw P** 2020 Insects and aviation safety: the case of the keyhole wasp *Pachodynerus nasidens* in Australia. *Transportation Research Interdisciplinary Perspectives , Vol 4 : 100096*
7. **House A, Ring J and Shaw P** 2019 Inventive nesting behaviour of the keyhole wasp *Pachodynerus nasidens* Latreille (Hymenoptera: Vespidae), a recent arrival in Australia, and the risk to aviation safety. *BioRxiv doi: <https://doi.org/10.1101/2019.12.15.877274>*
8. **Ford J.** Sustained ecosystem restoration; scaling up. *Proc. 8th World Conference on Ecological Restoration, 24-28th September 2019, Cape Town, South Africa*
9. **Bracks J, Shaw P, Allen B.L., Davis J and McKee J** 2019. Ethical management of human-derived conflict with wild and domestic dogs: case studies from Oceania, *Proc. ICAM-WSAVA 3rd International Dog Population Management Conference, 18-20 September, 2019, Mombasa, Kenya.*
10. **Follett J, McKee J and Shaw P,** 2019. Urban concentrations of large-mass flocking species; management strategies for a new airport in Australia. *In Proceedings of the North American Bird Strike Conference, August 2019, Halifax, Nova Scotia, Canada.*
11. **Shaw P, Dolbeer R and McKee J.** 2019. Human fatalities and destroyed aircraft due to wildlife strikes, 1912 – present: *In Proceedings of the North American Bird Strike Conference, August 2019, Halifax, Nova Scotia, Canada.*
12. **Shaw P and McKee J** 2019 Investigate , Litigate or Prevaricate Part II. *In Proceedings of the North American Bird Strike Conference, August 2019, Halifax, Nova Scotia, Canada.*
13. **Hatfield, E & Bracks, J.** 2019, “Management of human/flying-fox conflict in Australia”. *Proc 18th International Bat Research Conference, July 2019, Phuket, Thailand.*
14. **Ring J, Tabac P and McKee J,** 2019. Wildlife Strike Investigation: Lessons learnt from a 2018 significant strike between a QANTAS B737 and a Jabiru (*Jabiru myceteria*). *Proc. Australian Aviation Wildlife Hazard Group Biennial Workshop, July 2019, Sydney, Australia*

15. **Hatfield, E.** 2018. "Flying-foxes in a flurry: Finding a national strategy for flying-foxes". In *Australasian Wildlife Management Society Annual Conference, December 2018, Hobart, Tasmania, Australia*
16. **Fleming, D.** 2018. "Won't someone think of the animals? Large-scale solar developments and potential impacts on wildlife". In *Australasian Wildlife Management Society Annual Conference, December 2018, Hobart, Tasmania, Australia*
17. **Jit, R.** 2018. Invasion of the Corella; an inter-industry issue in South Australia. *Proc Australian Aviation Wildlife Hazard Group Meeting, Brisbane, November 2018*
18. **Shaw P.** 2018. Dispersal tools. *Proc Australian Aviation Wildlife Hazard Group Meeting, Brisbane, November 2018*
19. **Fleming, D.** "Attracting the Pest: Trapping for Cane Toad *Rhinella marina* Tadpoles using the BufoTab Bait". In *Environment Institute of Australia and New Zealand Annual Conference, November 2018, Sydney, NSW, Australia*
20. **Follet J, Shaw P, Dolbeer R & McKee J** 2018 Human Fatalities and destroyed aircraft 1912 to Present: an update. *Proc World Birdstrike Association Conference, Warsaw , Poland, 19-23 November 2018.*
21. **Shaw P, and Robinson R.** 2018. Wildlife Strikes: What your airport needs to know to keep it out of the courts. *Australian Airports Association annual meeting, Brisbane, Australia, November 2018*
22. **Ford J** 2018. Scaling up Ecological Restoration: Is it possible or just an ongoing aspiration? *Proc Society for Ecological Restoration Australasia Conference, Brisbane Sept. 2018*
23. **Ford J** 2018. Maximising Ecological Restoration Outcomes through Threatened Species Management Programs and Partnerships. *Proc Society for Ecological Restoration Australasia Conference, Brisbane Sept. 2018*
24. **Shaw P, Dolbeer R and McKee J.** 2018. Human fatalities and destroyed aircraft due to wildlife strikes, 1912 – present: A military focus. In *Proceedings of the North American Bird Strike Conference, August 2018, Baltimore MD USA.*
25. **Shaw P and McKee J.** 2018 Investigate or litigate. In *Proceedings of the North American Bird Strike Conference, August 2018, Baltimore MD USA.*
26. **Follett J and McKee J** 2018, Wildlife Hazard Management for Regional Airports. *Australian Airports Association Webinar Series, May 2018.*
27. **Fleming, D.** 2018. EIANZ-SEQ Vegetation Management Update: Property Map of Assessable Vegetation, In *Environment Institute of Australia and New Zealand, May 2018, Brisbane, Queensland, Australia.*
28. **Linley G, Kostoglou K, Jit R and Weston M. 2018.** Australian magpies exhibit increased tolerance of aircraft noise on an airport and are more responsive to take-off than to landing noises. *Wildlife Research* <https://doi.org/10.1071/WR18039>
29. **Bracks J** 2018. Environmental contributions impacting Flying Fox ecology and the risk of zoonotic transmission. *3rd Interjurisdictional One Health Forum, Brisbane, 8th-9th February 2018*
30. **McKee J** 2018. A medley of One Health projects at different ecogeographic scales: From Hippocrates to Doppler Radar. *3rd Interjurisdictional One Health Forum, Brisbane, 8th-9th February 2018*

31. **L. Shirreffs, J. McKee, P. Shaw, J. Campbell, A. Fletcher, T. Armstrong, H. Ludgate, A. Macqueen, J. Follett, and Catanazariti N.** 2017. 21 Years of Australian White Ibis Management. *Proceedings of Australasian Wildlife Management Society conference, December 2017, Katoomba, New South Wales.*
32. **Jit R.** 2017 Managing Aviation Wildlife Hazards: Military Versus Civilian context. *Proc World Bird Strike Association, South Asian Chapter Meeting, Visakhapatnam, India, December 2017.*
33. **Fleming, D.** 2017. RE-flections on Remnants: Regional ecosystems and state-wide vegetation mapping in Queensland, In *Queensland Environmental Law Association Vegetation Management Seminar Series, November 2017, Brisbane, Queensland, Australia.*
34. **Follett J.** 2017. Wildlife Hazard Risk Assessment and Management for Off-Airport Strikes. *Proc. Australian Airports Association annual meeting, Adelaide, Australia, November 2017*
35. **Brix, J** 2017. Getting the most out of your Emergency Planning Exercise. *Australian Airports Association annual meeting, Adelaide, Australia, November 2017*
36. **Shaw P, Dolbeer R, McKee J, & Patrick K.** 2017. "Human Fatalities and Destroyed Civil Aircraft Due to Wildlife Strikes, 1912 to Present" In *Proceedings of the North American Bird Strike Conference, September 2017, Dallas Texas USA.*
37. **Drapeau T, Jamieson W, Bradbeer D, & Shaw P.** 2017. "Tools for Success—A Review of Active Wildlife Management Tools Used at Vancouver International Airport, Canada. In *Proceedings of the North American Bird Strike Conference, September 2017, Dallas Texas USA.*
38. **McKee J.** 2017. Interpreting wildlife behaviour for effective airspace management. *Inaugural airport air safety webinar, Australian Airports Association, July 19th, 2017*
39. **Shaw P,** 2017. "Off Airport Case Study". *Workshop presented for the Australian Aviation Wildlife Hazard Working Group – AAWHG Workshop, Brisbane, July 2017.*
40. **Perry C and McKee J.** 2017. Managing mid-air collisions: an SMS approach to wildlife strike mitigation. *Proc. 5th Annual World Aviation Safety Summit, Dubai, United Arab Emirates, 12th April 2017*
41. **Drapeau, T.** 2017. "Airport Wildlife Hazard Management Best Practice". In *Proceedings of the ICAO/ACI Wildlife Strike Hazard Reduction Symposium, May 2017, Montreal, QC, Canada.*
42. **Brix J.** 2017. Getting the most out of emergency exercises on the Airport. *Proc. 5th Annual World Aviation Safety Summit, Dubai, United Arab Emirates, 11th April 2017*
43. **McKee J, Mallant R, van Gasteren H & Jamieson W.** 2017 Misrepresentation of Lasers used for Airport Wildlife Management. *Proc. Australian Airports Association meeting, Avalon, VIC, 28th Feb 2017; released as global aviation safety bulletin, 6th March 2017*
44. **McKee J and Simmons G.** 2017. A new look at the origins of Gibbon Ape Leukemia Virus. *Virus Genes, DOI 10.1007/s11262-017-1436-0*
45. **Simmons G and McKee J** 2016. A fresh look at the origins of Gibbon Ape Leukemia Virus. *Proc. Int. Workshop on Retroviral Pathogenesis, Dec 5-9th 2016, New Orleans, LA, USA*
46. **Bracks J and Shaw P** 2016. Inquiry into the management of flying-foxes in the eastern states. *Testimony, Main Committee Room Parliament House Canberra and Submission Number 53 to the Parliamentary Enquiry, November 24th 2016, Complete Report*

47. **Brix J.** 2016. Technical innovations in emergency management planning for airports. *Australian Airports Association annual meeting, Canberra, Australia, November 2016*
48. **Jamieson W,** 2016. Airport Wildlife Hazard Management 'Best Practice': Vancouver Airport (CYVR) Canada, a case study. *Australian Airports Association annual meeting, Canberra, Australia, November 2016*
49. **McKee J and Shaw P.** 2016. Defining the real barriers to effective wildlife strike management in global aviation. *Proc. World Bird Strike Science and Engineering Meeting, Tokyo, November, 2016.*
50. **McKee J and Shaw P.** 2016. The costs of Wildlife Strike to the aviation industry. An update based on airline data. *Proc. World Bird Strike Science and Engineering Meeting, Tokyo, November, 2016.*
51. **Bracks J.** 2016. Flying Fox ecology and management around airports. *Proc. Australian Aviation Wildlife Hazard Group annual meeting, November 2016, Gold Coast, Queensland, Australia*
52. **Jit R.** 2016. Wildlife Hazard management at Australian RAAF Bases. *Proc. Australian Aviation Wildlife Hazard Group annual meeting, November 2016, Gold Coast, Queensland, Australia*
53. **Perry C and Gordon G.** 2016. Managing Off-Airport Wildlife Hazards to mitigate On-Airport aircraft collision risk. *Proc. Australian Aviation Wildlife Hazard Group annual meeting, November 2016, Gold Coast, Queensland, Australia*
54. **Ford J** 2016. Restoring Lower Beechmont Conservation Area. *Proc Society for Ecological Restoration Australasia Conference, Hamilton NZ, November 2018*
55. **Shaw P, and McKee J.** 2016. Wildlife management: tactical implementation. *9th International Civil Aviation Organisation (ICAO) Asia Pacific Aviation Safety Team Meeting, Bangkok, 31st October, 2016*
56. **Patrick, K.** 2016. Wildlife Strike Management – the International Perspective. *Companhia Ambiental do Estado de São Paulo (São Paulo State Environment Authority), Seminário de Risco de Fauna em Aeródromos (Aerodrome Wildlife Risk Conference) São Paulo, Brazil, 22-23rd August 2016*
57. **Shaw P and McKee J.** 2016 A wildlife hazard risk index for airports. *Proc. North American Bird Strike Committee Conference, Chicago, August 2016.*
58. **Reardon-Smith, K., L Brocque, A. & House, A.P.N.** 2016. Assessing ecosystem change using a novel metric: functional group transition ratios. *Society for Conservation Biology Oceania Conference "Bridging the divide: science meets action, water meets land", 4th Society for Conservation Biology Oceania Congress, Brisbane, 6-8 July 2016.*
59. **McKee J and Shaw P** 2016. *One Health - Treading lightly in the landscape. Worlds in fusion. Proc. Annual NZVA Conference, Hamilton, NZ, 23rd June 2016*
60. **McKee J, Bracks J, Wimberley T, Lenz M, Head N, Gerrard J, and Shaw P.** 2016 Emerging zoonosis risk management with radical *Understorectomy*. *Worlds in fusion. Proc. Annual NZVA Conference, Hamilton, NZ, 23rd June 2016*
61. **Brix J.** 2016 Exercising the Imagination. *Flight Safety Magazine, Australia May 2016,*
62. **Perry C, Longstaff S and Shaw P.** 2016 An Integrated management strategy for reducing Wildlife Strike Risk in Civil Aviation. *Joint presentation, Avisure and Emirates Airlines, Proc. 4th Annual World Aviation Safety Summit, Dubai, United Arab Emirates, 24th April, 2016*

63. **Ford G, Lanham E, Free, C, Bracks J and Benton N.** 2016. Planes, ~~trains~~ bats and automobiles: what's happening with micro bats at the Gold Coast Airport? *Poster Presentation, Australasian Bat Society Annual Conference, Hobart. March 2016.*
64. **Avisure Team** 2016 Wildlife Hazard Management at Airports. *Australian Airports Association Practice Note No.9, March 2016*
65. **McKee J** 2016. Wildlife Strike: Managing mid-air collisions. *Australian Airline Pilots Association (AusALPA) Annual Safety Workshop, Brisbane, Feb 2016.*
66. **McKee J, Shaw P, Dekker A and Patrick K.** 2016, Approaches to Wildlife Management in Aviation. *In book: Problematic Wildlife – A Cross-Disciplinary Approach, Angelici FM (ed), Springer, Publ. Chapter 22 pp465-488*
67. **Jamieson W.** 2015 Vancouver International Airport Case Study *Proc Australian Aviation Wildlife Hazard Group Forum, Sydney, Australia, 6th November 2015*
68. **Shaw P, Hill M and Selby D.** 2015 Pitot tube obstructions. Occurrences and responses. *Proceedings of the Australian Aviation Wildlife Hazard Group, 6th November 2015.*
69. **Shaw P and McKee J** 2015 An overview of wildlife strike in civil aviation. *Carter-Newell Aviation Law Seminar Series, Brisbane, September 2015*
70. **Shaw P and McKee J** 2015 What is remarkable is that it was remarkable. *Proc. North American Bird Strike Committee Conference, Montreal, September 2015.*
71. **Patrick, K.** 2015. Integrated Wildlife Strike Management. *Proc. meeting of the Brazilian Wildlife Aviation Commission, Centro de Investigação e Prevenção de Acidentes Aeronáuticos (CENIPA), Brasília, Brazil, 11th August 2015.*
72. **Baglin, J.** 2015 Lessons Learnt from 20 years Managing Australian White Ibis. *Proc The Hut Environmental & Community Association Inc (THECA) Forum Conservation Conundrums: Exploring Apparent Conflicts in Wildlife Management, Brisbane, May 2015*
73. **Bracks, J.** 2015. The rigid dichotomy between humans and flying-foxes. *Proc The Hut Environmental & Community Association Inc (THECA) Forum Conservation Conundrums: Exploring Apparent Conflicts in Wildlife Management, Brisbane, May 2015*
74. **Allen, B.L, Higginbottom, K, Bracks, J.H, Davies, N & Baxter G.S.** 2015 Balancing dingo conservation with human safety on Fraser Island: the numerical and demographic effects of humane destruction of dingoes, *Australasian Journal of Environmental Management, 22 2: 197-215.*
75. **Avisure Team,** 2015. Managing Bird Strike Risk: Species Information Sheets. *Australian Airports Association Practice Note 6, 2015, Australia.*
76. **Jamieson W.** 2015 Australian White Ibis Management Case Study. *2nd Annual Lower Mainland Canada Goose Workshop, Vancouver, Canada, 26th January 2015*
77. **Bracks, J.** 2015 Flying-fox management – Outcomes of a new framework. *Local Government Association of Queensland Forum expert speaker presentation, Quest Breakfast Creek.*

78. **Simmons G, Young P, Clarke D, McKee J, Meers J.** 2014 Discovery of a Novel Retrovirus Sequence in an Australian Native Rodent (*Melomys burtoni*): A Putative Link between Gibbon Ape Leukemia Virus and Koala Retrovirus. *PLoS ONE* 9(9): e106954. doi:10.1371/journal.pone.0106954
79. **Patrick, K and Shaw, P.** 2014. Bird Strike Management Programs at Airports: What Works? *Conexão Sipaer-Revista Científica de Segurança de Aviação (Scientific Journal of Aviation Safety)*, Vol,5, No,1,2014.
80. **Tribe A, Hanger J, McDonald IJ, Loader J, Nottidge BJ, McKee JJ, Phillips CJC.** 2014 A Reproductive Management Program for an Urban Population of Eastern Grey Kangaroos (*Macropus giganteus*). *Animals*, 4(3):562-582.
81. **Simmons G, Meers J, Clarke D, Young P, Jones K, Hanger J, Loader J and McKee J.** 2014 The origins and ecological impact of Koala retrovirus. In *The Koala and its Retroviruses: Implications for Sustainability and Survival*, ed. Geoffrey W. Pye, Rebecca N. Johnson and Alex D. Greenwood. *Technical Reports of the Australian Museum, Online 24: 31–33*, <http://dx.doi.org/10.3853/j.1835-4211.24.2014.1610>
82. **Follett J, and Shaw P.** 2013 Lessons learnt from 17 years of Ibis management: An outsider's inside perspective. *Proc. Bird Strike North America Conference. Milwaukee, Wisconsin, USA, 14th August 2013.*
83. **Shaw P.** 2013 Wildlife Strikes. Presentation to the Tasmanian Chapter of the Australian Airports Association, August 2013
84. **Borst A. and McKee J.** Application of remote sensing technologies, particularly radar to managing wildlife hazards to aviation in Australia. *Proc. National Australian Aviation Wildlife Hazard Group Meeting, Queensland Museum, Brisbane, 25th-26th July 2013.*
85. **Ziviani M.** Wildlife hazard management training at airports. *Proc. National Australian Aviation Wildlife Hazard Group Meeting, Queensland Museum, Brisbane, 25th-26th July 2013.*
86. **Robertson O, McAlpine C, House A and Maron M.** 2013 Influence of Interspecific Competition and Landscape Structure on Spatial Homogenization of Avian Assemblages. *PLoS ONE* 8(5): e65299. <https://doi.org/10.1371/journal.pone.0065299>
87. **Shaw P.** 2013 Wildlife Strikes. *Australian Airports Association (NSW), May 2013*
88. **Shaw P, and Bracks, J.** 2013 Flying-foxes: Fact, fiction and management. *Local Government Association of Queensland Annual Conference presentation, Cairns, 2013.*
89. **Bracks J, and Hetherington S.** 2013 Flying-fox information kit for elected members. *Local Government Association of Queensland Annual Conference presentation, Cairns, 2013.*
90. **Shaw P.** 2012 Recent advances in wildlife strike management. A global perspective particularly on the role of airlines and the role of new radar technologies. *Proceedings National Australian Aviation Wildlife Hazard Group Meeting, Australian Museum, Sydney, September 2012.*
91. **McKee J.** 2012 A brief history of wildlife strike in aviation with lessons unlearned. *Proc. National Australian Aviation Wildlife Hazard Group Meeting, Australian Museum, Sydney, September 2012.*
92. **McKee J, Shaw P and Patrick K.** 2012 Draft National Wildlife Management Strategy and initial risk assessment for the Australian Defence Force. *National Strategy Briefing to RAAF HQ-ACC, RAAF Glenbrook, September 2012*

93. **Patrick, K and Shaw, P.** 2012 Bird Strike Management Programs at Airports. *Proc. 5th Flight Safety Symposium (5^o Simpósio de Segurança de Voo - SSV 2012), São José dos Campos, Brazil, 30th August 2012.*
94. **McKee J, Shaw P, Patrick K, Winslow A and Eschenfelder P.** 2012. An Aviation Wildlife Hazard Management Syllabus for Pilots: What would it look like? *Proc. International Bird Strike Committee Meeting, Stavanger, Norway, June 2012.*
95. **Patrick K, McKee J, Shaw P.** 2012. An Aviation Operations Syllabus for Biologists. *Proc. International Bird Strike Committee Meeting, Stavanger, Norway, June 2012.*
96. **McKee J and Shaw P.** 2012. Overview of global and national aviation wildlife hazards. *Australian Defence Force National Wildlife Hazard Strategy Workshop, RAAF Edinburgh, May 2012*
97. **Simmons G, Young P, Hanger J, Jones K, Clarke D, McKee J, Meers J.** 2012 Prevalence of koala retrovirus in geographically diverse populations in Australia. *Australian Veterinary Journal 2012. doi: 10.1111/j.1751-0813.2012.00964.x*
98. **McKee J.** 2012. How best to avoid thunderstorms and other dynamic collision hazards? *RAAF 82 WG Aviation Safety Seminar, RAAF Amberley March 2012.*
99. **McKee J and Jamieson W.** 2012. Overview of wildlife hazards to air safety and considerations for military operations. *Inception Meeting, Fleet Air Arm RAN, HMAS Albatross, Nowra February 2012*
100. **McKee J and Shaw P.** 2012. Remote sensing fusion models for forecasting bird and bat movements. *Joint ADF, DSEWPaC, AWHN, BOM, CASA and Biosecurity Australia, Special Meeting, Canberra, February 2012*
101. **Simmons G, Young P, McKee J, Meers J and Mizuno T.** 2011 The epidemiology of koala retrovirus. *J Vet. Epidemiology 15(1):1-9*
102. **Shaw P.** 2011 Bird Strike Risk Assessment tool to help you prioritise management actions. *Proc Emerging Markets FOD and Bird Strike Prevention, Runway Safety Conference, 27th October 2011, Dubai, UAE.*
103. **McKee J, Boswell J, Basset J, Wimberley T, Lenz M, Head N and Shaw P.** Hendra virus (HeV) spill-over: risk assessment, risk mitigation and risk fallout. *Proc Australasian Wildlife Disease Association Conference, 2011, Coorong SA 25th-30th September 2011.*
104. **McKee J, Patrick K and Shaw P.** Satellites, aircraft and emerging wildlife zoonoses: a message from the European Space Agency. *Proc Australasian Wildlife Disease Association Conference, 2011, Coorong SA 25th-30th September 2011.*
105. **Shaw P.** 2011 What's Happening with Bird Hazard Management Internationally? *Presentation to the Australian Aviation Wildlife Hazard Group, 16th August 2011.*
106. **McKee J, Patrick K and Shaw P.** 2011. If only pigs did fly – hogging the airspace. *Proceedings 4th Australian Animal Studies Group Conference, Animals & people a shared environment, Brisbane, 10th-13th July 2011*
107. **McKee J.** Flying Fox management is not rocket science – or is it? *Proc. Australasian Bat Society Annual Meeting, Advancetown June 26th 2011*
108. **McKee J, Patrick K and Shaw P.** 2011. Barriers to effective wildlife strike management “Downunder”. *Symposium 'Luchtvaart vogelvrij', Nederlandse Regiegroep Vogelaanvaringen, Dutch parliamentary enquiry into bird strike, Amsterdam, Schiphol, March 10th 2011*

109. **McKee J.** 2011. Cultural aspects of bird strike management. *International aviation wildlife brainstorming symposium, Beheerboerderij Ackerdijk, aan de Ackerdijkse Plassen, Delft, the Netherlands March 8th 2011*
110. **McKee J.** 2011. The future of bird strike management: the role of aircrew. *Australian Airline Pilots Associations Safety Seminar, Sydney March 4th 2011*
111. **McKee J.** 2010. On the Catwalk: A new and old integrated industry model to significantly reduce the wildlife strike rate. *Proc International Bird Strike Committee Meeting, Cairns, Australia September 2010.*
112. **Patrick, K. and Lamont, P.** 2010. Managing the Flying-fox Strike Risk at Cairns Airport. *Proc 29th Meeting International Bird Strike Committee, Cairns, Australia, 23rd September 2010.*
113. **Patrick, K.** 2010. Training for Better Bird Strike Management. *Proc. 29th Meeting International Bird Strike Committee, Cairns, Australia 22nd September 2010.*
114. **Shaw, P. and Jamieson, W.** 2010. Assessing the Risk of Off-airport Bird Hazards. *Proc International Bird Strike Committee Meeting, Cairns, Australia September 2010.*
115. **Shaw P, Ferguson G, and Boswell J.** Sustainable management of native wildlife: Australian White Ibis, A Case Study. QLD Pest Animal Symposium, Gladstone, Australia August 2010.
116. **McKee J.** 2010. Risk and mitigation of Flying Fox strike to NVG rotary wing night operations at the Australian Army Aviation Training Centre. *AAVNTC Safety Seminar, Oakey, September, 2010.*
117. **McKee J and Shaw P.** 2010. 1000 fatal separation accidents per year. *Proc. QANTAS Air Safety Seminar, Sydney, July 2010*
118. **McKee J, Shaw P and Patrick K.** 2010. Bird Strike - perched out on a limb. *Proc Joint Conf. Australia & NZ Association of Air Safety Investigators, Canberra, May 2010*
119. **Allen C. D., D. L. de Villiers, B. D. Manning, D. S. Dique, M. Burr ridge, M. L. Chafer, V. M. Nicolson, S. C. Jago, A. J. McKinnon, R. J. Booth, J. J. McKee, M. J. Pyne, Y. P. Zee, R. J. Wilson and S. D. Johnston** 2010, Seasonal reproduction in wild and captive male koala populations in South-east Queensland. *Reproduction, Fertility and Development*, 22(1), 695 – 709.
120. **McKee J.** Koalas under genetic assault. *Presentation to the inaugural meeting of the Koala Research Network, University of Queensland January 29th 2010.*
